Experience

Freelance Graphic / UI Designer

Sep 2024 – Present

Working in various projects offering services including user interface design, graphic design and branding.

Netsteps | User Interface Designer

Oct 2016 – Sep 2024

- Developed wireframes, converting them into interactive prototypes that improved the usability of the final product
- Designed and iterated on product interfaces using Figma and Sketch, significantly enhancing the user experience of the final product
- Collaborated with engineering and product management teams to align design concepts with technical constraints and business objectives
- Created visually compelling designs for digital and print media, including branding, marketing materials and social media graphics

OgilvyOne Worldwide Athens | Web Designer

Apr 2015 – June 2015 | 3 Months Contract

Copygraph | Graphic Designer

May 2009 – Jul 2010 | Sep 2012 – Sep 2014

- Developed original designs for print materials such as business cards, brochures, flyers, banners, posters, and promotional products
- Prepared files for print, which includes ensuring that designs meet technical specifications, such as color modes, resolution, and bleed settings
- Understanding of various printing techniques (such as offset, digital, and screen printing) and materials (such as paper types and finishes) to advise clients on the best options for their projects
